'N NUWE NORMAAL | A NEW NORMAL

Die Covid-19-pandemie het 'n wêreld geskep waarin innovasie en kreatiewe denke die botoon voer! Ons moet noodgedwonge nuut oor alle 'ou' prosesse en die manier waarop ons take aanpak dink.

Die AON en SAOU het in 2019 'n vroeëkindersimposium in Gauteng en Wes-Kaap geloods wat nie net van die onderwysers uitstekende terugvoer ontvang het nie, maar ook van ons verskaffers, eregaste en sprekers. Ons het beplan om weer hiërdie simposium in 2020 aan te bied.

The Covid-19 pandemic has forced us to think creatively and innovatively about the world. We are pushed to think in a new way about how we go about our day-to-day tasks.

During 2019 AON and SAOU hosted a highly successful ECD Symposium in Gauteng and the Western Cape. We received positive feedback not only from teachers who attended, but also from the sponsors, guests and speakers. With the strict Covid-19 regulations we were forced to think new and fresh about this year's event: we therefore decided to host a series of national webinars.
